1	Sitagliptin	Trasnaminase	Commercial
2	UDCA	Steroid dehydrogenase	Commercial
3	Ibrutinib	Ketoreductase	Commercial
4	Rimegepant	Ketoreductase	Commercial
5	Duloxetine	Ketoreductase	Commercial
6	Tegoprazan	Ketoreductase	Under Development
7	CDCA	Ketoreductase	Under Development
8	Phenylephrine	Ketoreductase	Commercial
9	Montelukast	Ketoreductase	Pilot Scale
10	Cenobemate	Ketoreductase	Commercial

Market Gap

Despite India's growing pharmaceutical industry, there is a significant gap in CDMOs specializing in fermentation systems—particularly for bacterial, yeast, and fungal processes used in pharmaceutical Industry.

Why Us?

- ✓ **Combined Experience of over 5 Decades**
- ✓ **High Quality and Competitive Pricing**
- ✓ **End to End support.**
- ✓ **Open for Joint Collaborations**
- ✓ **Scale up plans for over 300 kL Fermenter capacity**
